

TEXTILE PRODUCTION PARTNER · TURKEY · UZBEKISTAN · AZERBAIJAN

Uniforms, workwear and fabrics, made under your brand.

Uniforms & workwear | Technical fabrics | Cotton fabrics | Home & hotel textiles | Private label

mzcotton.com · farid.m@mzcotton.com

ABOUT US

Your textile production team in Turkey, Uzbekistan and Azerbaijan.

MZCOTTON connects buyers in Europe and the CIS region directly with textile factories. We find the right factory for your product, agree the price, follow production, check quality and deliver to your warehouse. You deal with one partner from the first sample to the last carton.

Direct to the factory

We work with factory owners, not resellers, so you get factory prices.

One contact, start to finish

Specs, samples, production, quality checks and shipping, handled by one person in your language.

The real cost, upfront

Duty, freight and lead time compared for each origin, so you know the landed cost before you order.

WHO WE WORK WITH

- ✓ Workwear and uniform brands and distributors
- ✓ Garment and home-textile manufacturers buying fabric
- ✓ Fabric wholesalers and importers
- ✓ Home-textile retailers and wholesalers
- ✓ Hotel, hospitality and healthcare suppliers

THREE ORIGINS, ONE PARTNER

We pick the country that gives you the best landed price.

Price per metre is only half of it. Duty, lead time and freight decide what goods really cost at your door, so every quote compares the origins that fit your product.

Turkey

Fast production and finishing, printed and fashion fabrics, premium towels and robes, workwear sewing.

EU buyers: duty-free under the EU–Turkey customs union with an A.TR certificate. Short trucking routes.

Uzbekistan

Grows and spins its own cotton. Strong on greige fabric, calico, terry and cotton basics at a low price per metre.

EU buyers: duty-free for most textiles under the EU GSP+ scheme.

Azerbaijan

Experienced uniform and workwear sewing, and cotton. A strong choice for uniform programmes and buyers in the CIS region.

Compared with the other two origins on your landed price.

01 · TECHNICAL WORKWEAR FABRICS

Fabrics built for work, wash after wash.

Hard-wearing fabrics for workwear, uniforms and protective clothing, supplied by the roll for your own sewing.

FABRIC	COMPOSITION	WEIGHT	TYPICAL USE
Twill	Poly-cotton 65/35 or 80/20, 100% cotton	200–300 g/m²	Work trousers, jackets, overalls, uniforms
Canvas / duck	100% cotton or poly-cotton	280–400 g/m²	Heavy-duty trousers, aprons, bags, reinforcements
Ripstop	Poly-cotton	180–240 g/m²	Lightweight workwear, outdoor and summer lines
Hi-vis fabric	Polyester or poly-cotton, fluorescent orange, yellow, red	120–300 g/m²	Hi-vis jackets, vests, trousers and panels
Poplin / shirting	Poly-cotton or 100% cotton	110–150 g/m²	Work and uniform shirts, medical wear

Typical ranges. Exact composition, weight, width and standards (for example EN ISO 20471 for hi-vis) are confirmed for each factory in your quote.

Finishes on request

- Water-repellent
- Oil-repellent
- Soil-release
- Anti-shrink
- Industrial-wash resistant
- Flame-retardant
- Anti-static

Availability depends on fabric and factory. Certified finishes come with the factory's test reports.

Most-ordered workwear colours

Black · Graphite · Charcoal · Grey

Light grey · Navy · Bottle green · Khaki

Shown for reference; printed colours vary. Hi-vis parts in fluorescent orange or yellow. Other colours to your shade on request.

Greige and finished cotton, by the metre.

For bed-linen makers, printers, garment factories and fabric wholesalers. Greige for your own finishing, or bleached, dyed and printed ready to cut.

FABRIC	COMPOSITION	WEIGHT	TYPICAL USE
Calico	100% cotton	110–145 g/m²	Bed linen, hotel and institutional textiles
Ranforce	100% cotton, finer yarn	115–130 g/m²	Premium bed linen
Poplin	100% cotton or poly-cotton	105–125 g/m²	Bed linen, shirts, medical wear
Percale	100% cotton, combed yarn	115–130 g/m²	Hotel bed linen
Sateen	100% cotton, plain or stripe	120–150 g/m²	Premium and hotel bed linen
Terry fabric	100% cotton	350–600 g/m²	Towels, bathrobes, bath mats

Widths: 150, 220, 240, 260 and 280 cm Finish: greige, bleached, dyed, printed

Typical ranges. Exact construction, width and finish are confirmed for each factory in your quote.

03 · HOME & HOTEL TEXTILES

For retail ranges and hotels.

Finished products under your label, in retail packaging or bulk hotel packing. Sizes, weights and colours made to your range.

Hotels · Retail chains · Wholesale · Healthcare

PRODUCT	OPTIONS	TYPICAL SPECIFICATION
Towels	Face, hand, bath, bath sheet, bath mat; plain, dobby border, jacquard	400–600 g/m²; 30×50, 50×90, 70×140, 100×150 cm
Bathrobes	Terry, velour, waffle; shawl collar or kimono	Sizes S–XXL, unisex hotel cuts
Bed linen	Calico, ranforce, percale, sateen; sets or single items	EU, CIS and hotel sizes
Blankets & duvets	Fleece and cotton blankets, duvets and pillows	Fillings and weights to your spec
Table & kitchen	Tablecloths, napkins, tea towels	Cotton or poly-cotton

Typical options. Final specification, sizes and packing are agreed with you and confirmed in the quote.

Sewn to your design, in your colours.

From your tech pack or a sample. Full sizing, branding and packing, for collections and corporate uniform programmes.

Workwear

Work trousers and shorts · Bib and brace overalls · Coveralls · Work jackets and vests · Winter suits and parkas · Hi-vis clothing · Rainwear · Polo shirts and sweatshirts

Uniforms

Corporate and office wear · Hospitality and hotel staff · Chef and kitchen wear · Medical scrubs and coats · Cleaning and service staff · Retail and logistics staff

Embroidery and printing | Reflective tape | Your labels and tags | Full size sets | Individual or bulk packing

05 · PRIVATE LABEL

Your brand on every piece. We handle the rest.

Send us a tech pack, a sample or just a photo. We develop it with the factory, approve samples with you and deliver finished goods ready for your shelf or warehouse.

Branding

Woven and printed labels, care labels, hang tags, embroidery and prints.

Packing

Retail packaging, barcodes, size sets and carton marking to your rules.

Development

From tech pack or sample to an approved pre-production sample.

Works across our whole range: workwear and uniforms, home and hotel textiles, and fabrics with your own roll labels.

06 · HOW WE WORK

Five steps from brief to your warehouse.

01
Your brief
Product, spec, volume and target price. A photo or sample is enough.

02
Factory options
Quotes from suitable factories, side by side.

03
Samples
You approve samples before any order.

04
Production
We follow production and check quality.

05
Delivery
Shipping and export papers to your door.

EVERY QUOTE SHOWS

- ✓ Origin country and type of factory
- ✓ Price per metre or per piece
- ✓ Minimum order quantity
- ✓ Production lead time
- ✓ Estimated duty and freight to your door
- ✓ Sample cost and timing

QUALITY CONTROL

Checked against your approved sample.

Before production: the approved sample, fabric and trims become the reference for the whole order.

During production: we follow progress and raise issues with the factory early.

Before shipping: goods are checked against the reference and you get a report before they leave the factory.

REQUEST A QUOTE

Send us your spec. Get factory prices.

Tell us what you buy today and what you pay. We come back with factory options and a full landed-cost comparison.

WHAT TO SEND US

1. Product and specification, or a photo
2. Quantity per order or per year
3. Target price
4. Delivery country and timing
